Swan Lifeline is a charity dedicated to the rescue, treatment and release of swans. We have a Rescue & Treatment Centre at Cuckoo Weir, Eton, run by a co-ordinator with the help of dedicated volunteers.

The charity's work in the past 24 years has been invaluable to the protection and conservation of an iconic bird in the UK, the Mute Swan, in the waterways in the Thames Valley.

\* All donations from all activities go to Swan Lifeline Charity for the upkeep of the Rescue & Treatment Centre at Cuckoo Weir, Eton.
